Dear Mrs. Henry Whisenhunt,

On behalf of the **Star Spangled Banner Chapter** of the **Military Officers Association of America (MOAA)** we would like to inform you that our fundraiser that was held on April 30<sup>th</sup>, 2022 at the Sparrows Point Country Club in Baltimore was a huge success. As a result we are proud to be able to contribute an additional \$7431 to the paws4vets organization which we have sent via wire funds to your bank.

As you well know our fundraising event which was originally scheduled in March 2020 had been rescheduled several times due to the pandemic but we continued to pursue donations over the two years, including corporate donations sent directly to your organization. We are happy to report that we have been able to contribute a total of \$43,581 (including the \$7431 above) over the past two years leading up to our eventual event. We are so happy to be of assistance for such a great cause!

Our Chapter is a patriotic nonprofit organization consisting of active duty, former and retired officers of all seven services and all ranks. Our members are combat veterans of one or more of our nation's wars from WW II to present day deployments.

Looking forward to planning our next fundraising event in 2023!

Sincerely,

John Dyer Lt Col, USAF (Ret)
